FROM getting to court now they BEEN TELL ME For two months they

but the other inmate Moses got out of special housing on time his release paper was done and he did the ~~most~~ all the damage in the incident and it was all cover up by staff he is white and I am Black I can't even get my medical treatment they hope something happen to me to keep them from transferring me to keep me from getting that phone to try and call a attorney which I am ~~entitled~~ entitled to
